BRIEF ABSTRACT OF LETTER.

NOTES AND ORDERS.

1. In G.O. no. 775-6/mur-7. 680-12-2 dated the 30th August 1913, I was ordered to be placed on special duty in connection with the Preparation of the Murrai manual for 3 months. I was relieved of Brain III

work on the 24th December 1913 and within these three months almost all the orders relating to the Department of the Pre Rendition and Post Rendition periods were collected, arranged & classified under suitable headings. Personal discussions held now & again with the Mussai Supdt and his instructions obtd in respect of many of the orders that have to go into the manual enabled me to chalk out the main chapter headings & subhead coming under them.

2) The Genl & Rev Secretariat Records kindly supplied me with copies of most of the old orders. But there are still several others relating to both the Pre & Post- Rendition Periods which have to be brought into the manual, but spare copies of which are not available there. By personally going into the Record Room, & enlisting the cooperation of the Officials there, manuscript orders will have to be traced, copies of them made & with

into the manual. The special sorting section recently organised in order to sort & arrange the old murrai secett Records has also been able to give me a few important orders fit to go into the manual, and it is also possible that while dealing with files not yet sorted, several orders of general applicability will be forthcoming & will have to be incorporated into the manual. I am attending to this also.

3) All this requires my undivided attention for at least a couple of months more, and beg that my deputation period may be kindly extended by that time

4) When the work will have to be finally revised by the murrai Supdt, and copies of it typed for submission to the Mur. Committee for revision before submission to the Govt., as required by G.O No 2067-77/Agri 652-12-1 & 16.5.13 This necessitates the entertainment of a whole time typist, and I beg that the applt of one on Rs 25.

The preliminary work in connection with the compilation of the Manual is completed, such of the more important orders as may be for the coming during the sorting of the old records of the Mysore Secretariat being incorporated in the Manual as additions later on. He remains for me now to take up the draft chapters by chapter and finally revise it before passing it into the approval of the Committee.

6) This is still a work of some magnitude as my time is fully engaged with other urgent work. Further a certain amount of reading may be found necessary during

my final revision and at the time of the Committee's revision. Considering all these difficulties it would be a good convenience and it would facilitate work if Mr. Ramaiya's deputation maybe extended by two months or at least six weeks.

2) During the period of these revisions and for the preparation of fair copies for submission to Govt. it is essential that I should be given the help of a typist with a machine. The machine in the Mysore Secretariat office is fully engaged already and the typist has work over time. If it is the intention of Govt. that the manual should immediately be printed, this work should also be available to see the manual through the press. Unless a typist can be spared from the Secretariat, a new hand on Rs 30 may be entertained temporarily for the period of 3 months. A machine may also be lent from the Secretarial typing section

Ref. will please note if machine can be spared. 25/3
